

**Sandee Jamison**  
**Asset Manager Shop, TTX Company**  
**Midwest Regional Director, League of Railway Industry Women**

---

Sandee is responsible for all shop programs, meeting shop schedules, and bad order cars for fleets at TTX. Her responsibilities include supplying cars to various shops within TTX approved shop directory as well as TTX Divisions to meet all schedules that are supplied. Sandee also handles all the modified programs for all TTX Fleets. Sandee is also heavily involved in enhancing the Damaged Defective Car Tracking System for bad order cars. She also monitors car hire and ensures all cars within TTX is coded with proper non - revenue codes per Sup 78 and the throughput of cars in shops. Sandee has six Regional Supervisors reporting to her throughout the United States.

Sandee has 35 years of service at TTX and has held various positions with the organization during her career, such as car distribution specialist, intermodal specialist shop program supervisor, and asset manager shops. Sandee has a B.S. in Business Administration and will begin pursuing her MBA.

In addition to her work at TTX, Sandee is also the Midwest Regional Director at the League of Railway Industry Women and is proud to participate in the organization.

Sandee resides in Dyer, Indiana with her husband Mal, five dogs and three horses. Sandee interests are horseback riding, playing the banjo, and motorcycle riding
