

Susan Carol Robertson
Managing Director, Virginia Rail Solutions, LLC
President, League of Railway Industry Women

Susan Carol Robertson is presently Managing Director of the consulting firm Virginia Rail Solutions, LLC of Roanoke, Virginia. She was previously a principal of Railway Operation Services, LLC. During this time, she also was an owner of iIRX, LP a mechanical maintenance software company beginning in 2001. Susan participated in defining the scope and marketing the software until 2010. She has years of experience in the railcar leasing industry and held management positions with Helm Railway Equipment Co., Helm Financial, GATX and Brae Corp.

She served nine years as a member of the Association of American Railroads' Safety and Operations Division's Mechanical Arbitration and Rules Committee and was appointed chairman in 1998. In addition, Ms. Robertson was chairman of the AAR Committee which planned the initial North American Railroad Mechanical Operations Seminar in Mexico City, and was a member of the Master Change Control Board that assisted in determining priorities for computer projects at the AAR's Railinc subsidiary.

Susan has also been a member of the Association of Car Accounting and Car Service Officers, the Mechanical Association Railcar Technical Services and other industry group including the League of Railway Industry Women (LRIW) where she is currently the president and works to promote women in the rail industry through leadership training, educational sessions, and networking opportunities.

She is a graduate of the University of California at Davis and resides in Roanoke, Virginia.
