

Jodi Heldt

President, League of Railway Industry Women
Sales & Marketing Coordinator, Whiting Corporation

Jodi Heldt is a 20 year veteran of Whiting Corporation where she currently serves as the sales and marketing coordinator. Jodi started her career in the Parts Department doing research of equipment, and then moved into Field Services, which later became our Customer Service Division, where she managed customer satisfaction, reporting and administrative duties for the department. Jodi then moved into to the Crane Product Group providing administrative assistance in preparing proposals and entering orders. She moved from there into the Sales Division, where she currently holds the position of Sales Administration Manager for the rail and crane line. In this position she oversees the RFQ's and orders for the company. She is also known as the "historian" because of the various roles she has held at Whiting.

Jodi has been a member of the League of Railway Industry Women since 2009 and is looking forward to working with the existing and new members of this group. Whiting Corporation also hosted a tour of our facility for the LRIW in 2011.
