

Kathee Fisk

Sr. Customer Support Engineer
GE Transportation Digital Solutions

Kathee Fisk is a senior customer support engineer at GE Transportation Digital Solutions (GET-DS) in Atlanta, GA. GET-DS combines decades of industrial leadership with cutting-edge data science and analytics acumen to create an efficient, productive and reliable digital-rail ecosystem – from shipper to receiver – from ports to intermodal terminals – main line locomotives and railcars – to train yards and operation centers.

Kathee began her railroad career at the Ontario Midland Railroad in Sodus, New York as a general agent. Kathee then accepted the position of office manager with Finger Lakes Railway in Geneva, NY. In June 2007, Kathee moved to Atlanta, GA for a customer support position with Railcar Management (RMI), predecessor to GET-DS. Currently, Kathee is responsible for managing car hire payables and interline revenue settlement for several client railroads. Kathee also serves as a company representative for various Railinc industry committees, is a member of the American Railway Development Association (ARDA) and is a past Director and Membership Chair of the League of Railway Industry Women.

Kathee was raised in Marion, New York located between Rochester and Syracuse, Lake Ontario and the Finger Lakes. When Kathee isn't visiting family in New York, you will probably find her researching her family's history as an amateur genealogist.
